

FFM: Flash Fundamentals

Instructional Assignment: Conditionals

Rubric

	Exemplary	Competent	Developing	Amateur
Variables/Constants	Variables/Constants are correctly labeled, declared and defined. (10 pts)		Variables/constants are not correctly declared or defined. (0 pts)	
Conditionals	Shows understanding of using conditionals for dynamic decision-making and logic for solving problems in code. (30 pts)	Minor edits required to perfect/simplify conditionals for decision-making. (20 pts)	Major edits required to perfect/simplify conditionals for decision-making. (10 pts)	Shows lack of understanding for using conditionals for decision-making. (0 pts)
Trace	All required outputs are present. (10)		Missing some required output. (0 pts)	
Expressions	Successfully demonstrates manipulating strings and numbers (20pts)	Missing correct operator or operators are incorrectly applied. (10 pts)	Fundamental lack of understanding of manipulating strings and numbers, or how operators work. (0 pts)	
Craftsmanship	Code follows conventions discussed in class and is well commented. (30 pts)	Code follows conventions discussed in class with one or two deviations or is not commented enough. (20 pts)	Code is not well-commented or does not follow conventions or requires major edits. (10pts)	Code is not well-commented or does not follow conventions or errors occur. (0 pts)
